The Forbes, Best-in-State Wealth Advisor rankings are developed by SHOOK Research and are created using an algorithm that includes both qualitative (in-person, virtual and telephone due diligence meetings; client impact; industry experience; review of best practices and compliance records; and firm nominations) and quantitative (assets under management and revenue generated for their firms) data. Certain awards include a demographic component to qualify. Investment performance is not a criterion because client objectives and risk tolerances vary, and advisors rarely have audited performance reports. These rankings are based on the opinions of SHOOK Research, LLC, are not indicative of future performance or representative of any one client's experience and are based on data from the previous calendar year. Forbes magazine and SHOOK Research do not receive compensation in exchange for placement on the ranking. For more 4information: www.SHOOKresearch.com. Each Office is Independently Owned and Operated.

We fully support all kinds of wind power.

Dominion Energy is dedicated to supporting a wide range of cultural activities that enrich the spirit and strengthen our communities.

Power has many sources, but perhaps none energizes our lives and communities quite like the arts. At Dominion Energy, we applaud them all by providing our support. Whether it's a rousing symphony, delicate ballet, engaging theater performance, or inspiring museum or art opening, we're proud to play our part. To learn more about how we're putting our energy to work for the arts, visit **DominionEnergy.com/Foundation.**
